BROCHURE

oibase.nl/en/zorg.html

Sound familiar?

Then it is time to do things differently.

Night shifts on the same shoulders

The Schedule Score shows whether night and weekend shifts are fairly distributed across your team, and who works the fewest.

Too little rest between shifts

Oibase checks the schedule against the Dutch Working Hours Act (Arbeidstijdenwet) and warns you before a tight changeover becomes a problem.

Registrations and qualifications

BIG registration, medication authorisation, first-aid/emergency response (BHV): per employee you see what is in place and what is about to expire.

Your care staff see their shifts, clients and allowance hours

Early, late and night shifts clearly laid out in the app. The irregular-hours allowance is calculated automatically, and hours per client are ready for your administration.

- ✓ Works on any phone, without an app store: put Oibase on your home screen
- ✓ Notification on your phone as soon as your schedule changes
- ✓ Hours flow automatically into the timesheet

What Oibase does for you

Schedules, hours, leave and payslips in one place. No separate systems.

Dutch Working Hours Act (Arbeidstijdenwet) monitored

Alerts for too little rest or overly long working weeks, right in the schedule.

Schedule Score

One score for your week, with a tip on where to make the schedule fairer or healthier.

Leave with balances

Requests, approvals and balances in one overview.

Open shifts and swaps

Swap via the app. Your schedule is always up to date.

Personnel file

Contracts, diplomas and documents per employee in one place.

Hours per client

Monthly overview of hours worked per client and per employee, as CSV or PDF. For accountability to the municipality, care office (zorgkantoor) or PGB holder (personal care budget).

Certificates at a glance

Per employee you see which certificates they hold and when they expire. For your industry these are already set up:

BIG registration

Medication authorisation

BHV diploma (first aid/emergency response)

Lifting certificate

Your cao and allowances

For the healthcare industry, the cao VVT (collective labour agreement for care) is set on your contracts. If you work under a different care cao, you set the allowance percentages yourself under Settings. When someone reports sick, Oibase only records that they are sick, never a reason or diagnosis.

Fair pricing

Basic

€ 10.35 per month

+ € 2.30 per active employee per month

Schedule, leave, a login per employee, clocking in and out

Premium · most popular

€ 17.25 per month

+ € 3.45 per active employee per month

Everything in Basic plus allowances, timesheets, invoices, payslips, swaps and open shifts

Enterprise

€ 28.75 per month

+ € 4.60 per active employee per month

Everything in Premium plus digital contracts and a dedicated account manager

Prices for Ireland, per month, excluding VAT. Paying yearly saves 10%. Payslips (Premium and Enterprise): € 1.73 per payslip.

Prices per country

Country	Basic + per employee	Premium + per employee	Enterprise + per employee
Austria	€ 9.18 + € 2.04	€ 15.30 + € 3.06	€ 25.50 + € 4.08

Portugal	€ 6.75 + € 1.50	€ 11.25 + € 2.25	€ 18.75 + € 3.00
Spain	€ 7.38 + € 1.64	€ 12.30 + € 2.46	€ 20.50 + € 3.28
Sweden	109.84 kr + 24.41 kr	183.06 kr + 36.61 kr	305.10 kr + 48.82 kr

Prices per month, excluding VAT. Each country pays a price that fits its local price level. Prices are indexed every 1 January.

Frequently asked questions

Is client data stored in Oibase?

Only a client code or initials, so you can track hours per client. Care reports and medical data do not belong in it; those stay in your electronic client record (ECD).

Does Oibase monitor the Dutch Working Hours Act (Arbeidstijdenwet)?

Yes. The schedule is checked for rest periods and maximum working hours. Stricter agreements from your collective labour agreement (cao) you check yourself.

Can we work with multiple departments or locations?

Yes. You create a separate location for each department or site and schedule on it. This is possible in every plan.

About Oibase

Oibase is scheduling software for businesses that work in shifts. Schedules, swaps, hours, leave, timesheets, invoices and payslips are in one system. Your team uses the app on their phone, without an app store.

Built by Hendrik Zuurman, who worked in the security industry for 24 years. Oibase was made from practice, with firm rules you can rely on.

- ✓ Data stored in the EU
- ✓ Data processing agreement included
- ✓ Pay by invoice, no automatic debits
- ✓ Cancel monthly

How to start

1. Create an account at oibase.nl
2. Add your employees
3. Build your first schedule. Your team sees it in the app right away
