

 **Oibase for swimming pools**

The schedule for lifeguards

Schedule per pool, see at once whether enough qualified supervision is on duty, and know when a qualification expires.

No credit card needed · Cancel monthly · Up and running in 10 minutes

Try 14 days free →

Sound familiar?

Then it's time to do things differently.

Enough supervision at every pool?

The competition pool, recreational pool and instruction pool each need their own staffing. In Excel you only see on the day itself that someone is short.

Qualifications that quietly expire

Resuscitation, first aid or the pool attendant diploma: one expired certificate and that lifeguard no longer counts as supervision.

Summer rush and holiday schedule

The outdoor pool opens, school holidays, extra swimming lessons. Suddenly you need on-call staff and students, and you want to be able to schedule them quickly.

Your lifeguards see per day which pool they are on

Early shift in the competition pool, afternoon swimming lesson, weekend in the recreational pool: your team sees it all in the app and gets a notification when something changes.

- ✓ Works on any phone, without an app store: add Oibase to your home screen
- ✓ Notification on your phone as soon as your schedule changes
- ✓ Hours go automatically to the timesheet

What Oibase does for you

Schedule, hours, leave and payslips in one place. No separate systems.

Scheduling per pool

Each pool as its own location, with the minimum number of lifeguards per shift set per pool.

Supervision check

The schedule shows immediately where supervision is missing. Anyone who is sick or has an expired qualification does not count.

Qualification tracking

Pool attendant diploma, resuscitation and first aid with expiry dates. Oibase warns you in good time.

Open shifts

Extra summer shift or a sick colleague? Open the shift and your on-call staff pick it up on their phone.

Clocking in and out

Clock in and out at the poolside on your phone. The hours go through to the timesheet.

Payslips and surcharges

Evening, weekend and public holiday surcharges according to your own settings, with payslips per month.

Rotation schedule

Chair, poolside, slide: Oibase creates a schedule per shift in which everyone moves to the next post every half hour. Everyone sees their own posts in the app.

Busy day

Hot day, outdoor pool open? With one button you open extra shifts and your on-call staff get a notification straight away.

Pool log

Lifeguards record chlorine, pH and temperature and report incidents in the app. You see everything per pool, and download it as CSV.

Qualifications at a glance

For each employee you see which certificates they hold and when they expire. For your industry, these are already set up:

Pool attendant diploma

Resuscitation and AED

First aid certificate

Zwem-ABC instructor

Your cao and surcharges

By default Oibase names the cao Zwembaden, Zwemscholen (Dutch collective agreement for swimming pools and swim schools) on your contracts. If your pool falls under the cao Recreatie or the cao Sport, you select that one under Settings. You set the surcharge percentages yourself, once.

Scheduling swimming lessons

Class groups with a fixed day, time, pool and instructor, a maximum number of children per instructor and the school holidays included. Instructors see their own groups in the app, without parents' email addresses.

Parent portal

Parents receive a personal link and see when their child has a lesson, and whether anything special is going on: no swimming lesson today, a different time or a different pool. No password needed. In Enterprise, € 1.15 per child per month.

Fair prices

Basic

€ 10.35 per month

+ € 2.30 per active employee per month

Schedule per pool with supervision check, rotation schedule, qualifications, swimming lessons, pool log, clocking in and out

Premium · most popular

€ 17.25 per month

+ € 3.45 per active employee per month

Everything in Basic plus busy-day button, swaps and open shifts, surcharges, timesheets and payslips

Enterprise

€ 28.75 per month

+ € 4.60 per active employee per month

Everything in Premium plus digital contracts, a dedicated account manager and the parent portal for swimming lessons (€ 1.15 per child per month)

Prices for Ireland, per month, excluding VAT. Paying yearly saves 10%. Payslips (Premium and Enterprise): € 1.73 per payslip.

Prices per month, excluding VAT. Each country pays a price that fits its local price level. Prices are indexed every 1 January.

Frequently asked questions

How does the supervision check work?

For each pool you set the minimum number of lifeguards required per shift. For each shift, Oibase only counts people who are supervisors, are not reported sick and hold a valid qualification, and it warns you when there is a shortfall.

Can Oibase see when a qualification expires?

Yes. For each employee you see the qualification and its expiry date. Anyone scheduled with an expired qualification triggers a warning and does not count as supervision.

Can I also schedule swim instructors and cashiers?

Yes. Everyone is in the same schedule. Only lifeguards and other supervisors count towards the supervision check.

About Oibase

Oibase is scheduling software for businesses that work in shifts. Schedules, swaps, hours, leave, timesheets, invoices and payslips are in one system. Your team uses the app on their phone, without an app store.

Built by Hendrik Zuurman, who worked in the security industry for 24 years. Oibase was made from practice, with firm rules you can rely on.

- ✓ Data stored in the EU
- ✓ Data processing agreement included
- ✓ Pay by invoice, no automatic debits
- ✓ Cancel monthly

How to start

1. Create an account at oibase.nl
2. Add your employees
3. Build your first schedule. Your team sees it in the app right away
